"Dan is one of the best real estate agents that I have met. He was very quick to get us information we were looking for while buying in an out-of-district area (which can be pretty difficult to do) and gave us sound advice on the properties we were looking at. He even helped us clean the house on closing day!!!" - Marc-André Jean

"Greg went the "Extra Mile" always and was very patient and kind. He made my children feel special and important and was very accommodating. Greg deserves to be Employee of the Month if you have such an award. You're lucky to have him." - Barbara
